

Heavy Vehicle & Forklift Pathways Awarua

Need to get a special licence for driving at work?

It's not always easy to understand all the rules and regulations you need for driving heavy vehicles and forklifts at work. Pathways Awarua helps make sense of it all with free online learning that makes it easy to learn and more fun preparing for that licence.

What is Pathways Awarua?

Pathways Awarua is a free, fun and easy way to improve your numeracy and literacy skills online, within a real life context, such as learning to drive a heavy vehicle or forklift for work.

In collaboration with NZTA, Pathways Awarua has developed a **Heavy Vehicle & Forklift** pathway that delivers information in an easy and interesting way, so you can get the licence or certificate you need.

Being licensed to drive specialist vehicles can increase your opportunities for work.

Anywhere, anytime, any device.

Pathways Awarua is available on your computer, tablet, or smartphone.

Download apps on the **App Store** and **Google Play**. Once you log in, they work with or without an internet connection, giving you more opportunities for learning – anywhere, anytime (except when you're driving)!

Other pathways are available to help you improve your essential skills in reading, writing, listening and maths.

How do the modules work?

Module content covers the licence and certification process and essential information such as vehicle dimensions and weights, how to carry loads safely, documentation and log books.

The modules are engaging and interactive. You can read the questions yourself, or the audio can read them to you. If you get an answer wrong, you get feedback straightaway, and you can try as many times as you need to. Your progress is tracked so you know where you are at.

How do you register?

You can enter Pathways Awarua through www.GoPlacesNow.co.nz or the short way **gpn.nz**. Click on the registration button. Choose a username and password.

If you have a 'join code' from your educator/employer enter it, otherwise choose the 'no join code' option. Once registered, select a pathway and start learning.
