

Numeracy Pathways Awarua

Do you struggle with maths?

You are not alone. There are thousands of people like you. But there is something that can help ... Pathways Awarua. It's free online learning that can help you improve your maths skills. It makes it a lot easier to learn, and it's fun too. Give it a go 'cos you'll get hooked straight away!

What is Pathways Awarua?

Pathways Awarua is a free, fun and easy way to strengthen your maths knowledge and number facts using everyday problems, that are engaging for adults and relevant to a New Zealand context. With more than 180 modules, you can choose the content that most interests you.

Learn at your own pace, when and where you like, and earn points and certificates as you go.

Anywhere, anytime, any device.

Pathways Awarua is available on your computer, tablet, or smartphone.

Download apps on the **App Store** and **Google Play**. Once you log in, they work with or without an internet connection, giving you more opportunities for learning – at the bus stop, in your lounge, in the park. You choose!

How do the modules work?

Each module helps you build your skills using real maths problems. You can read the problems yourself, or the audio can read them to you.

The modules are engaging and interactive. If you get an answer wrong, you get feedback straightaway, and you can try as many times as you need to. Modules get harder as you move along the pathway, from simple fractions through to calculating GST. Your progress is tracked so you know where you are at.
