

Literacy Pathways Awarua

Are you struggling with your reading and writing?

There's no need to be embarrassed, you are not alone ... there are thousands of adults who struggle just like you. Pathways Awarua can help. It's free online learning that gets you up to speed with all those important skills. There are no classes to go to, you choose when and where you learn, and at your own pace!

What is Pathways Awarua?

Pathways Awarua is a free, fun and easy way to improve your literacy skills. There are pathways to help you improve your reading, writing and listening skills, and Wordfit to increase your vocabulary. With more than 130 modules, you can choose the content that interests you. Choose between general, trade or service contexts.

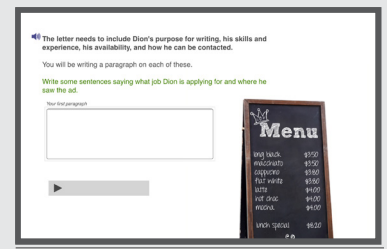

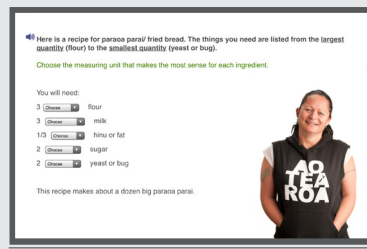

It's simple to register and get started!

Anywhere, anytime.

Pathways Awarua is available on your computer, tablet, or smartphone.

You can download apps for Reading, Writing and Listening on the **App Store** and **Google Play**. Once you log in, they work with or without an internet connection, giving you more opportunities for learning.

So, no classes to go to, no-one looking over your shoulder. You choose when and where you learn.

How do the modules work?

Each module helps you build your essential skills, using everyday examples from home and work. You can read through the modules yourself or the audio can read them to you.

The modules are engaging and interactive. If you get an answer wrong, you get feedback straightaway, and you can try as many times as you need to.

Modules start out easy, and get harder as you move along the pathway. Your progress is tracked so you know where you are at.

Learn at your own pace, earn points and gain certificates as you go.

How do you register?

Go to **www.pathwaysawarua.com** and click on the learner registration button. Choose a username and password.

If you have a 'join code' from your educator/employer enter it, otherwise choose the 'no join code' option. Now you can select a pathway and start learning.
